Web Development Immersive
11/2017 - 02/2018

Hagerstown Community College |
Hagerstown, MD
Cybersecurity
08/2014 - 12/2016

EXPERIENCE

General Assembly | Web Development Immersive
Washington, D.C. | 11/2017 - 02/2018

- Completed a three month, fast paced, full-time, full-stack web development program
- Completed projects using HTML, CSS, JavaScript, Git, GitHub, Ruby on Rails, Express, NodeJS, Mongoose, Handlebars, MongoDB, and React
- Cultivated a portfolio of individual and collaboratively focused projects

Apria Healthcare | Lead Respiratory Therapist
Pittsburgh, PA & Hagerstown, MD | 10/2007 - 11/2017

- Utilized patience, understanding, and perception to instruct patients and their families on home medical equipment use and care
- Listened to patient's problems and issues and was able to troubleshoot their equipment in person, through email, and over the phone
- Exhibited a strong work ethic and inspired respiratory therapists that I supervised through intrinsic motivation

UPMC Presbyterian Hospital | Respiratory Therapist
Pittsburgh, PA | 01/2003 - 10/2007

- Managed ventilators and respiratory care of 11 out of 22 heart and lung transplant patients in a CTICU
- Maintained focus and a level of calm in making critical care decisions, often during life or death situations
- Collaborated with other healthcare professionals to design appropriate courses of treatment for each patient
